

Lexie, Faith, and Hailey all ready for classroom challenges this year.

Sisters Faith and McKenna looking lovely.

211° vs 212°

Even though the weather has cooled down, your child should still be HOT! Are you curious as to why? On our first day I gave the kids some statements to consider...

At 211° water is hot. At 212° water boils. Boiling water makes steam. And with steam, you can power a locomotive.

One degree is all it takes to go from inaction to action that you can use to move a multi ton piece of machinery with. Wow! That really should make us think!

God did not create us to be Christians at 211°...comfortable, lukewarm, not going anywhere in our faith. We are to be Christians at 212°...reaching out in love to those who have not heard about Jesus' saving work for them, reading God's Word and meditating on it! Jesus didn't stop at 211°. He gave up everything for us sinners when he died and rose again.

End of September Notes

We will be hosting parent-teacher conferences after the Oct 1 midterm for the following grades: 1st, 5th, 7th, and 8th. Mrs. Bauer will schedule her own 1st grade conferences. The remaining conferences will be scheduled by the office for 15 minute increments for the afternoon/evening of October 6th. If you have a child in any of these classes, please be anticipating contact from us later this month to schedule your conference time.

Mrs. Enge will be going to Washington, D.C. with the 8th grade class this year. She will be at school Sept 27 but then gone for the rest of the week. So watch for September billing statements for AM care and food on Oct 4th.
